

## REPORT OF PROGRAMMES

## CAREER GUIDANCE AND PLACEMENT UNIT (CGPU)

The exposure provided by MCET and its **Career Guidance and Placement Unit (CGPU)** offers its students training to face the job interviews and group discussions which students are expected to go through. It also ensures that all the students are given the 'finishing school' exposure in order to prepare them for the world of opportunities awaiting them. Thus **CGPU** ensures the best of Training and Placement for the students. There are a large number of organizations with which we have enjoyed lasting and fruitful relationship.

The **CGPU** in **MCET** functions as two wings - the placement wing and the training wing. This Unit is organized by the Placement Officer, under whom; there are department wise officers and student representatives who monitor all the training and placement activities.

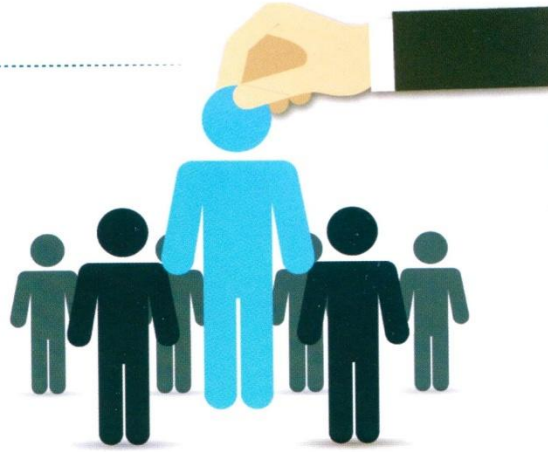

### TRAINING WING

The college has included Soft Skills and Aptitude Training Program into the regular curriculam from First semester till Seventh Semester, so that the student admitted to the college would be industry/Placement ready before he/she comes to the Final year of the course. The process of Training and placement is handled by the **CGPU**.

### HIGHLIGHTS

Systematic and continuous placement oriented Soft skills, Personality Development, Aptitude training by professional trainers right from first year.

- Technical and domain knowledge training for pre final and final year students.
- Frequent group discussions and mock interviews to make students industry ready.
- English Lab to enhance proficiency in language is provided to the students.
- Students when they come to Final year they are trained extensively in higher Aptitude to enable them to crack the Aptitude paper of the Industry.
- We have technical training conducted at the departmental level through technical tests, technical guest lectures by Subject Experts from the Industry.

### PLACEMENT WING

As the student's career is of utmost importance, we make them to focus on their potentials to explore the possibilities of getting them into the right industry.

The Placement wing process is initiated with a clear focus on all levels of companies that are contacted and invited for the campus recruitment drive which matches all the academic levels of students. The department is well equipped with excellent infrastructure to support every stage of the placement process. Arrangement for Pre-Placement Talks, Interviews, Group Discussions, etc. is all handled by the placement wing.

At MCET we take pride in ensuring Company officials who visit our campus hits a notable satisfaction level in terms of the campus recruitment process and study competency. We strive hard to maintain this tradition.

### PROFESSIONAL BODIES & ACTIVITIES TO ENSURE ALL ROUND GROWTH
